Dear Inspector General Meyer:

This is in response to the recommendation made by your office for File ID No.: 2018-CA00017 regarding our former Central Office employee Tiffany Diggs.

The Department of Developmental Disabilities will communicate with all department employees the importance of associating an email account to their payroll account. Any employee who does not already have an email account associated with payroll may request a department provided email account. Because there are fewer than 500 employees who do not already have a department provided email account, we believe the process will be completed within the month and that all employees will be covered.

This fulfills the recommendation made by the Office of the Inspector General. We appreciate the courtesy and professionalism of your staff who handled the investigation and thank you for the quick response and report. Please let me know if you have further questions or concerns.

Yours Very Truly,

John L. Martin  
Director
